

FIRST MINDS

Brand Guidelines v1.0

Brand Position

First Minds is a multidisciplinary technology and infrastructure company that designs, builds, and delivers intelligent solutions for businesses, governments, and communities.

We combine technology with real-world execution to create practical, scalable, and future-focused solutions.

Brand Essence

Vision

To become one of Africa's leading technology and infrastructure companies, delivering intelligent solutions that improve businesses, communities, and industries.

Mission

To design, build, and deliver innovative technology, infrastructure, and digital solutions that solve real-world challenges with excellence, integrity, and precision.

Brand Promise

Building Intelligent Solutions.

Every interaction with First Minds should reinforce that promise.

Brand Personality

If First Minds were a person, it would be:

- Intelligent
- Professional
- Calm
- Innovative
- Reliable

- Ambitious
- Precise
- Trustworthy
- Modern
- Visionary
- Disciplined
- Solution-Oriented

Avoid appearing:

- Loud
- Flashy
- Trendy
- Playful
- Chaotic
- Overly corporate
- Overly futuristic
- Informal

Brand Voice

The tone should always be:

Professional.

Clear.

Confident.

Friendly without being casual.

Intelligent without sounding arrogant.

Write as if speaking to executives, entrepreneurs, government officials, and enterprise clients.

Brand Keywords

Use words such as:

Innovation

Technology

Infrastructure

Intelligence

Solutions

Transformation

Engineering

Quality

Growth

Excellence

Reliability

Automation

Digital

Future

Development

Avoid excessive use of:

Disruption

Revolutionary

Game-changing

Cutting-edge

Best-in-class

Unlimited

World-leading

Those phrases can feel generic if not supported by evidence.

Colour Philosophy

White should dominate.

Navy creates authority.

Blue communicates technology.

Gold communicates construction.

Accent colours should enhance, never overpower.

Aim for roughly:

- 70% White
 - 20% Navy
 - 5% Grey
 - 5% Accent Colour

 - Engineering Tomorrow.
 - Smart Solutions. Real Impact.
 - Designed for Today. Built for Tomorrow.
-

Canva Brand Kit Setup

When creating the Canva Brand Kit, include:

- **Logos:** Master Logo (primary), Technologies Logo, Construction Logo, Icon Mark
- **Colour Palette:** #0F1B2E, #FFFFFF, #0A66C2, #F5A623, #E6E9ED, #5E6572
- **Fonts:** Space Grotesk (Headings), Inter (Body)
- **Default Style:** Minimal, premium, corporate, clean, architectural, modern
- **Photography Keywords:** Technology, engineering, infrastructure, architecture, innovation, African business, professional collaboration
- **Design Rules:** White-first layouts, navy as the primary brand colour, restrained use of blue and gold accents, generous whitespace, consistent spacing, simple outlined icons, and subtle motion where applicable.

A recommendation before you populate Canva

Don't stop at the Brand Kit. Create a **Brand Hub** with reusable templates for:

- Social media posts (LinkedIn, Facebook, Instagram, X)
- Proposal covers
- Presentation decks
- Letterheads

- Invoices and quotations
- Tender submission covers
- Business cards
- Email signatures
- Website banners
- Recruitment posts
- Project announcements
- Company profile pages

That way, every piece of communication from First Minds will have a consistent visual identity, which will strengthen brand recognition over time.
